Tools and Platforms: Git, GitHub, VS Code

Databases: MongoDB, MySQL

Frameworks/Libraries: ,React.js, Node.js, Express.js,

PROJECTS

Portfolio | [HTML5](#), [CSS3](#), [JavaScript](#) | [GitHub](#)

- Built a fully responsive and dynamic portfolio website to showcase projects, skills, and contact details, featuring a clean UI with smooth animations and interactive elements developed using modern HTML5, CSS3, and vanilla JavaScript, along with well-structured project sections and GitHub links for easy exploration.

E-Commerce Platform | [HTML5](#), [CSS3](#), [JavaScript](#), [API](#) | [GitHub](#)

- Developed a responsive front-end e-commerce website featuring product pages, cart functionality, product detail sections, sliders, and an interactive shopping interface with a clean and user-friendly design to enhance the online shopping experience.

Real Time Chat Application | [React](#), [Express.js](#), [Node.js](#), [MongoDB](#), [OpenAI API](#) | [GitHub](#)

- Built a full-stack AI chatbot application using the MERN stack with OpenAI API integration for intelligent real-time conversations, featuring a responsive UI, seamless frontend-backend integration, and modern web development practices for an efficient and interactive user experience.

ACHIEVEMENTS

- Cleared Round 1 of **HackWithInfy 2026**.
- Solved 100+ leetcode questions
- Achieved SGPA of 9.05 in the first semester of MCA. Demonstrated excellent academic performance and subject mastery.
- Actively learning Data Structures, Full Stack Development, and problem-solving concepts.

PERSONAL SKILLS

- Ability to work under pressure.
- Ability to take initiative to solve problems.
- Comfortable working Independently.
